Expansion of AFP's work in DRC

Six CTMPs up to March 2016

Additional Four CTMP April 2016-March 2017

Major advocacy wins

National

1. The DRC government releases 1 million U.S. DOLLARS in December 2016 for the purchase of contraceptives
2. The Government allocates 3.5 million USD in the Ministry of Health budget line to buy contraceptives for the fiscal year 2016
3. Four additional CTMP established from April 2016-March 2017

Sub National

1. **North Kivu:** creation of a budget line credited with 303,000 USD for the purchase of contraceptives
2. **South Kivu:** Creation of a budget line for the purchase of contraceptives.

From Advocacy Wins to Impact

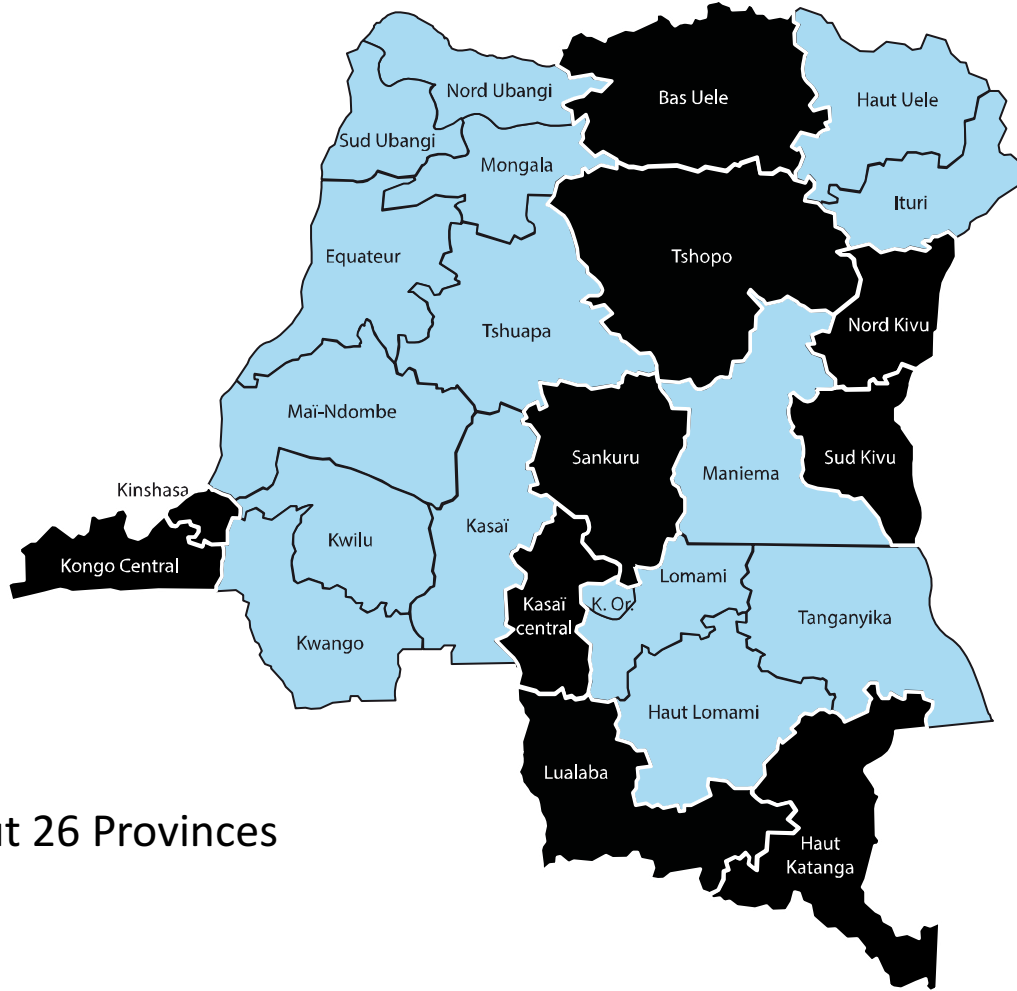

- **March 9th**: launch of the FP National partnership as a national movement to accelerate the progress to reach the DRC's FP2020 commitment of 19% mCPR

Advancing and Sustaining Family Planning Advocacy in the DRC

- Additional resources (technical and financial) to operationalize the FP national movement
- Engagement of other sectors to the movement (Ministries controlling funds - Budget, Finance and Planning- , private sector and Provincial authorities)

AFP in DRC
