Expansion of AFP advocacy

National objectives

1. The DSRSE develops an implementation plan for the RH law's application decree by September 2017.
2. The Minister of Health and Social Action increases its budget line for the purchase of contraceptive products from 300,000,000 to 500,000,000 by October 2017.
3. The Minister of Health and Social Action signs a government directive authorizing the promotion of self-injection of Sayana Press by July 2017
4. The Minister of Health and Social Action signs a memo/directive for the free provision of Post-Partum Family Planning (PPFP) services by September 2017.
5. The FP Action Plan of the Minister of Health and Social Action includes the free provision of FP services using funds allocated by the communes.

Commune-level objectives

1. Obtain financial support to FP in 15 communes (August 2017).
2. Draft a monitoring report on the communes' commitments in favor of FP.

Partnerships

- TCI
- PPGlobal

Major Advocacy Wins

- Commitment from 15 mayors to fund FP activities in their 2017 budget
- Review of the decree by the Technical Review Committee for legislative documents : **withdrawal of Article 8** restricting the prescription of the EC by CHWs.

From Advocacy Wins to Impact

- 21,100,000 mobilized from 20 mayors, allowing to organize 52 fair consultations and recruit 3,692 women. We have 20 CIP validated by the 20 mayors.
- To date, we have 961 additional female users
- Contribution to increasing the contraceptive prevalence rate.

Advancing and Sustaining FP Advocacy in Senegal

- Integration of a FP budget line in the communes' budgets
- Meeting the commitments made by the member countries of the Ouagadougou Partnership on the 3D approach
- Invest in AYSRPF
