

Build to Last

- ❑ 106 quick wins harnessed;
- ❑ FP advocacy Interventions potential for scaling shared;
- ❑ Rich discussions and inputs shared in the past four days

ACCELERATING Universal access to voluntary and quality FP services in AFP focus countries and momentum to achieve FP2020 Initiative

Advocacy for accountability in contraceptive availability, access, quality and equity

Build to Last

1. Brainstorm on three scale-able and sustainable FP advocacy interventions for continued resource investments in FP, and How do we operationalize these proposed interventions?
2. Brainstorm on three scale-able and sustainable FP advocacy interventions to strengthen policy environment (policy formulation, policy implementation), and How do we operationalize these proposed interventions?
3. How do you ensure accountability is sustained in the interventions you are proposing?

Group Work

- Partners divide in two groups and ensure countries are represented in both groups
- Baltimore Colleagues to form one group
- Select session chair, note taker and presenter
- 30 minutes for the assignment
- 5 minutes for presentation in a slide format
- 15 minutes for discussions
