

Achieving Outcomes through the District Working Group

Anwar Alam

District Program Manager, Jehanabad - Bihar

10 APRIL 2019, Wednesday

Jehanabad District – A Glance

SI No.	Particuars	Jehanabad	Data Source
1	Total Population	1125313	Cenus 2011
2	TFR	3.1	AHS 2012-13
3	Total Unmet Need	17.5	NFHS 4
4	mCPR	32.3	NFHS 4
5	Female Sterilization	27.9	NFHS 4

✓ **Jehanabad District Working Group was formalised in 2015**

✓ **After that Block Working Group was formed to strengthen convergence at block level in 2017**

Challenges

1. Shifting priorities due to other Mission mode programs
2. Human resource shortage at all level
3. Frequent transfer of senior officials at the district level
4. Financial Resource Constraint

Advocacy Focus and Outcomes

Improving Quality

1. Fixed Day Service for Female Sterilization operationalized in May 2015 – before supreme court directives
2. Improved quality resulting in seasonality break
3. 15 doctors were empaneled for the first time ensuring uninterrupted service
4. Indemnity Committee made functional to address grievances
5. After DWG formation weekly Fixed Day service for IUCD operationalised at the Sub Centre Level - Expanded to additional facilities
6. District has invested approx INR 9.5 lakhs from various sources within the district for improving quality

Expansion of Service

1. Injectable Contraceptive introduced in the existing 28 Additional Primary Health Centres by addressing gaps (Counselling, management of side effect, ASHA- follow-up & awareness)
2. Family Planning services expanded to the existing two Urban Primary Health Centres (Injectable, IUCD, Pills, Condoms, Counselling service)

Male Engagement

1. Training of 104 existing Vikas Mitras (FLWs) from Social Welfare department on male engagement
2. NSV kit provided to clients after NSV procedure which includes complete dose of antibiotic drug, antiseptic, cotton gauze, copy of consent form, one pager on post-operative care, health drink, ie; Horlick)
3. Efforts paying well as Jehanabad is witnessing an increase in the uptake of NSV

NSV	FY15-16	FY 16-17	FY 17-18	FY 18-19(till Feb.19)
	9	58	50	95

Skill Building

1. A pool of 28 Master Trainers trained on family planning counselling and readily available in the district
2. 24 AYUSH Doctors trained on counselling and management of side effects with focus on injectable
3. 2220 Frontline workers from Health and other line departments trained on FP messaging and referrals
4. All the training investment made by the district except for technical support as trainers from Development Partners

THANK YOU
