Sr. No	Civil Surgeon
1.	To operationalize family planning counselling corner and designate a person in 29 health facilities (RH/SDH/WH) in Pune districts by October 2017
	District Health Officer
2.	To expand Ensuring Spacing at Birth (ESB) scheme to ASHA's in Pune district by October 2017
	Pune Municipal Corporation (PMC)
3.	To improve the uptake by 30% of post-abortion family planning services in urban maternity homes of PMC by March 19
	Pimpri Chinchwad Municipal Corporation
4.	Operationalizing family planning counselling centers and nominating a nodal person (NUHM-Staff nurse/ANM) in 8 facilities of PCMC by Dec 2017
5.	Ensuring visibility of family planning IEC materials for 34 facilities (8 hospitals and 26 dispensaries) of PCMC by Dec 2017

## Institutionalization of Family Planning counseling corners

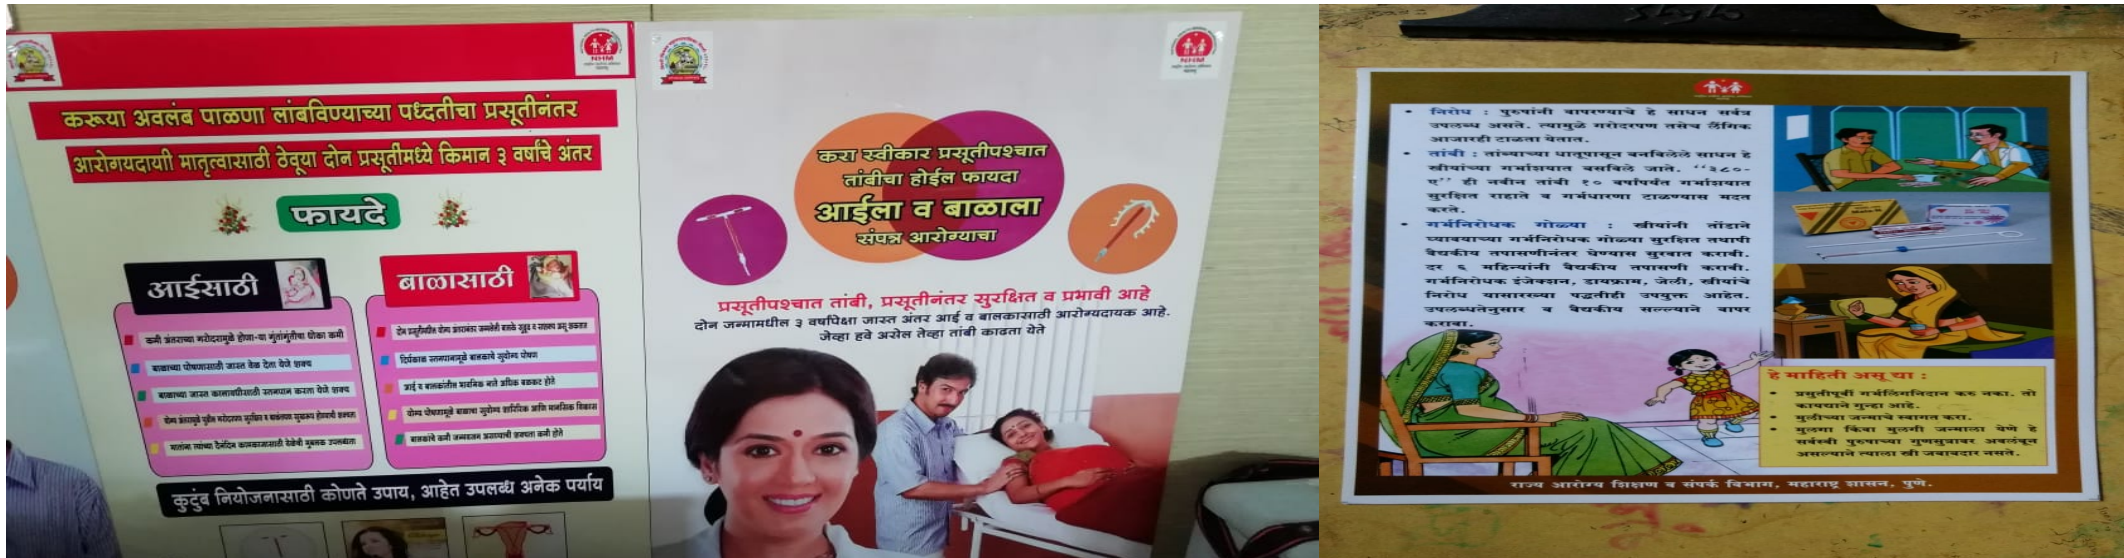

- Initially none of the facilities in Pune district had FP counseling corners.
  - Also no system of recording data of counseled clients
  - DWG developed objective in July 17 for establishing FP counselling corners at facility level
  - 97 participants from 56 facilities** in Pune were orientated on **FP counselling skills** in December 17 & March 18.
  - Also, official letter was released for establishment of FP counselling corner
  - 21 FP counseling corners established in Pune** and initiated reporting since January 2018
  - 12836 clients were counseled from Jan 18 to Feb 19
  - 66% of them were counseled in ANC period
  - Also, directives were given from state level for forming FP corner for improving visibility of FP
- 

## Functional FP counselling corners at District Hospital, Pune and Rural Hospital, Junnar

# Ensuring visibility of family planning IEC materials for 34 facilities (8 hospitals and 26 dispensaries) of Pimpri Chinchwad Municipal Corporation (PCMC)

- Landscape assessment showed poor visibility of FP in urban health facilities which provides health services to 2 million population
- DWG developed objective in Oct 17 for improving visibility of FP services
- Latest Government of Maharashtra IEC materials in local Marathi language were made available from state level
- As per requirements, IEC materials were printed and displayed at all 34 urban facilities
- US \$ 2642 were spent for printing of IEC materials

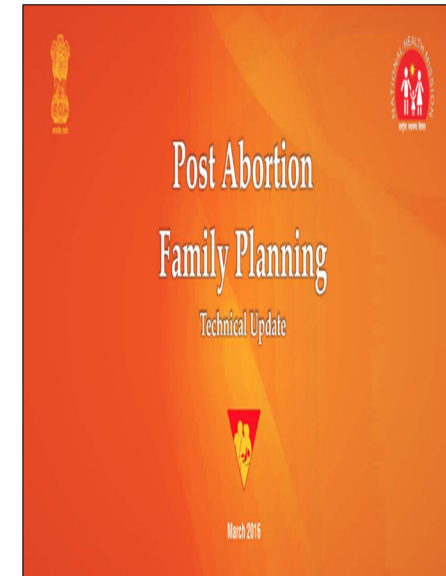

Displayed FP IEC materials at UCHC Talera and UPHC Akurdi

# Improvement of Post-abortion family planning (PAFP) service uptake in Urban health facilities of Pune Municipal Corporation (PMC)

- Landscape assessment showed 56% of PAFP uptake in eight Comprehensive Abortion Care (CAC) facilities (MTP – 635, PAS 36% & PAIUCD 20%)
- DWG members with support from IPAS & Jhpiego organized one day PAFP orientation of seven medical officers
- Official guidelines from National and State governments were shared with providers
- Data were tracked in coordination with City Family Welfare Bureau.
- The PAFP uptake increased to 79% from April 18 to Feb 19 (MTP – 455, PAS - 57% & PAIUCD - 19%)

**PAFP Orientation at Kamla Nehru Hospital, Pune**

**PAFP Technical Update and Guidelines by GoI**

PAFP/PAIUCD Workshop at KNH,PCMC on 26<sup>th</sup>& 27<sup>th</sup> March 18

**मोफत पुरुष नसबंदी शस्त्रक्रिया शिबिर**

पुणे महानगरपालिका कुटुंब कल्याण कार्यक्रमात पुरुषांचा सहभाग वाढविण्यासाठी पुरुष नसबंदी शस्त्रक्रिया (एन.एस.व्ही.) शिबिर खालीलप्रमाणे आयोजित करण्यात येत आहे :

१. कमला नेहरू रुग्णालय, मंगळवार पेठ, पुणे दि. १६/०७/२०१८ ते १८/०७/२०१८
