Kenya Advocacy Wins

Kenya's Ministry of Health drafts DMPA-SC Implementation Plan for Pharmacists and Pharmaceutical Technologists and develops a National Training Package

Makueni County sustains family planning financing through a law that provides for 1.5% of the annual health budget to Family planning and reproductive health

Ministry of Education Homabay County issues a circular directing head- teachers to collect, record and report data on teenage pregnancy using a multi-sectoral tool. Three other counties;- Kwale, Migori and Busia are in the process of taking similar actions

From Advocacy Win to Impact

Kwale County Two -Fold Contraceptive Increase among Adolescents

County First Lady as a **Champion of FP** **Catalyzed** a multi-sectoral initiative to address the high burden of teen pregnancy

Development of county multi-stakeholder **Teenage Pregnancy Action Plan** to provide contraception information & Services

Implementation of the Action Plan led to linking of 100 schools with high burden of teenage pregnancy to 20 health facilities for SRH information and contraception services

Between Jan 2017-Dec 2019, Kwale County records a **Two Fold (86%)** increase in contraceptive uptake among young people aged 10-19 years.

From Advocacy Win to Impact

Media Spurs Action on Stock-Outs in Migori County

AFP Jhpiego **Media Orientation and Mentorship** on Family Planning Reporting

Journalist from Milambo FM in Migori County produced in-depth, compelling **stories on commodity stock-outs**

Milambo FM holds **interactive segments** with **citizens** and Government officials to **foster accountability**

Migori County **redistributes family planning commodities improving method mix** in seven facilities affected by stock-outs.

Kenya Graduation Strategy/Plans

FINANCIAL YEAR 7

1. Nyamira
2. Baringo
3. Elgeyo-Marakwet

- Initial counties for implementation with light touch engagement
- Linking to other INGOs [Health Rights, TCI, Afya Uzazi]

FINACIAL YEAR 8

- | | |
|-------------|------------------|
| 1. Makueni | 2. Siaya |
| 3. Kitui | 4. Tharaka Nithi |
| 5. Kwale | 6. Nyeri |
| 7. Kakamega | |

- Self sustaining counties e.g. availability of FP champions, existence of health Bills, CIPs, local advocates and Budget allocation for FP

FINANCIAL YEAR 9

1. Migori
2. Narok
3. Homa-bay
4. Kajiado
5. Busia

- Graduating last batch of counties
- Tracking graduated counties

❖ Graduation Preparatory Meetings

❖ Tracking Plans

❖ Orientation of INGOs to take up the role of advocacy

Opportunities & Challenges in Tracking Sustainability

OPPORTUNITIES

1. Functional Multi-agency Implementation Structures e.g. TWGs, Taskforces & Accountability Committees

2. Existing FP CIPs, Adolescent strategies & other enabling legislation

3. GFF funding for FP

4. Trained FP media journalists

5. Platforms of critical mass of advocates and champions to sustain FP advocacy

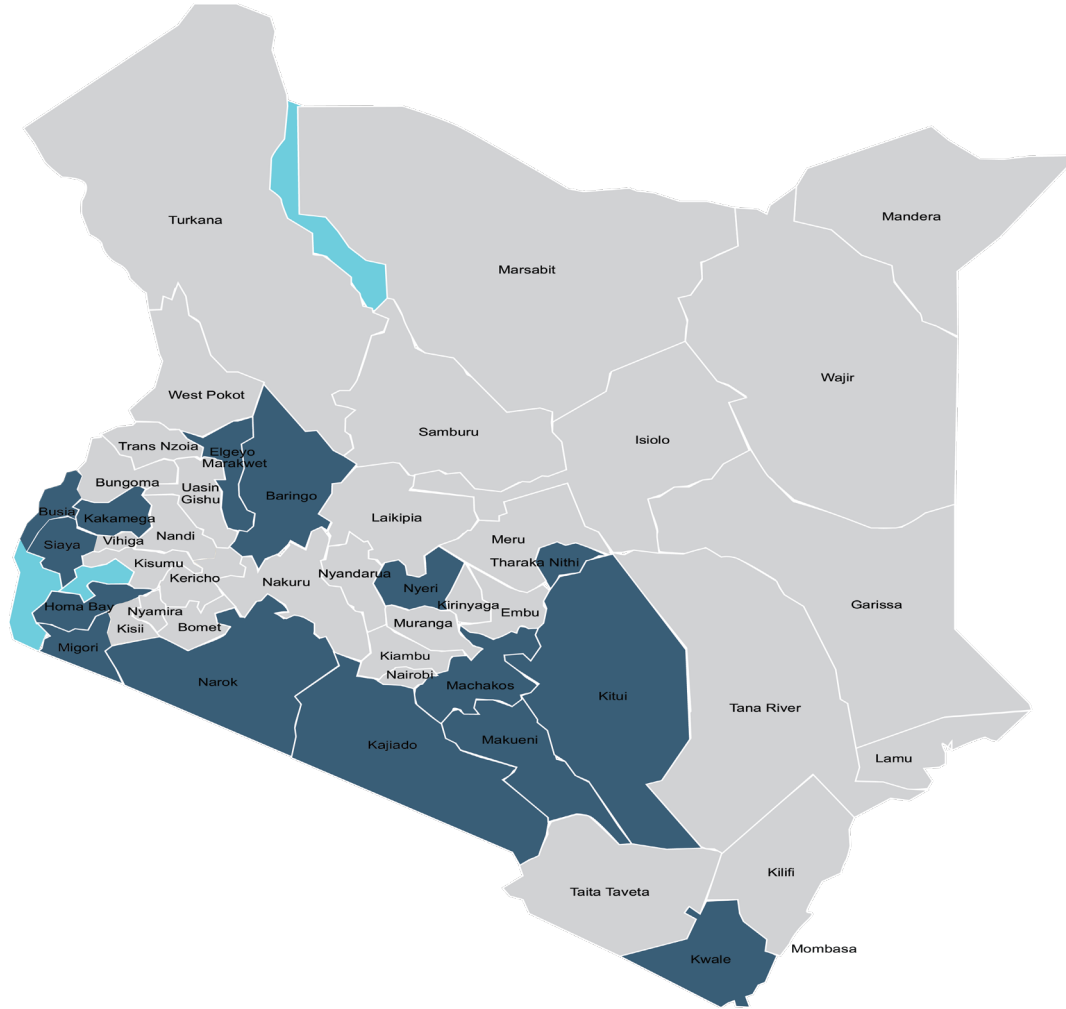

6. Data tracking mechanisms

7. Documentation and existence of a graduation plan

1. Counties may not be enthusiastic to provide data in the absence of direct activity engagement

2. Frequent transition of decision makers and loss of key FP Champions

CHALLENGES
